COLORdash™ Batten-Quad 6

COLORdash™ Batten-Quad 6 is a linear wash fixture with six quad-colored RGBA LEDs outputting any variation of white, as well as richly saturated colors, thanks to the inclusion of amber LEDs. It maintains an even pixel pitch when used in multiples, either stacked in an array using the optional CBB6 bracket or lined up end-to-end. Setup is greatly eased by a hanging bracket, floor trunnions, 3- and 5-pin DMX connectors, locking IEC power input, and power linking.

FEATURES
